# WHAT OUR CLIENTS SAY

*"FLG provided seasoned talent to help scale Rodan+Field's business, both operationally and strategically from \$300M in net revenues in 2014 to \$1.2B in 2016. What they delivered speaks for itself; a 5 year strategic plan including an annual operating plan, a new finance team, a renegotiated \$200M line of credit and exit scenarios and strategies for the company. We would recommend FLG to any company looking for top-tier financial expertise and advice when scaling for explosive growth."*

**- Diane Dietz, Former CEO, Rodan+Fields**

*"I needed a CFO who could be a leader and trusted business partner and was credible with my board of directors and potential investors, strategically and operationally focused. I was extremely pleased that we closed our funding round at a strong valuation and on time. This made a huge difference for our business and could not have been done without FLG's support."*

**- Promise Phelon, CEO, TapInfluence**

*"We turned to FLG Partners for focused leadership with several technical projects to correct audit deficiencies and improve our economic costing model, selecting Jonathan Wolter to assist us based on his deep financial and operational experience. Then, when our CFO unfortunately become seriously ill, Jonathan seamlessly stepped-into the role of PARC's CFO - coordinating sensitive intercompany operations with our senior team for several years and ultimately mentoring our future CFO. I wouldn't hesitate in hiring FLG (and Jonathan) again. They deliver excellence."*

# ENGAGEMENT OPTIONS

OUR FLEXIBLE ENGAGEMENT OPTIONS ADDRESS THE FULL CONTINUUM OF NEED ACROSS OUR CLIENTS.

---

**WE OFFER TURNKEY SOLUTIONS** for boards and management teams with a flexible “à la carte” menu of options for using us - from part time and interim CFO leadership to W-2 full time partners as well as board level support, project engagements, to CFO mentoring and skills workshops.

## **PART-TIME CFO LEADERS**

Small companies rarely need or can afford a full-time, truly senior CFO, yet they do need access to efficient, expert leadership. FLG provides the expertise you require, scaled to match your needs as they change, analogous to the way you use outside legal counsel.

## **INTERIM CFO LEADERS**

When you're faced with a CFO vacancy, FLG will step in as the interim CFO so that your search can be conducted deliberately, selectively, and without haste. You'll know your company is protected and led by a highly experienced financial veteran.

## **FULL TIME W-2 CFOS**

A unique aspect of our practice is that a number of the partners are the full-time, employed officers of their employer. They remain an active partner in FLG, and bring the full experience and resources of FLG to bear for the benefit of their employer.

## **PROJECT-BASED ENGAGEMENTS**

If your company is facing a transaction or financing for which your incumbent financial executive lacks prior experience or sufficient bandwidth, we will lead them through the process to a successful, efficient conclusion. Whatever your transaction, we've done it.

## **CEO-BOARD AND ADVISORY SUPPORT**

FLG often advises CEOs, CFOs, boards, audit committees, investors and lenders on matters including complex accounting issues, operating strategies, due diligence, and restructurings. In addition, partners sit on boards, typically on the audit and finance committees.

## **MENTORING AND COACHING**

Often at the behest of the CEO or Board, we provide mentoring and coaching to board members and across the C-Suite. Long experience at the senior executive level gives us the credibility and perspective to be an effective advocate and mentor for rising executives.
